

# Table of Contents

<b>Introduction.....</b>	<b>1</b>
Topics Covered .....	1
What's New in Creo Parametric 1.0 .....	2
Textbook Conventions .....	3
Tutorials.....	3
<b>User Interface Changes .....</b>	<b>4</b>
Introduction.....	4
User Interface Layout.....	7
Home Ribbon Tab .....	8
Tutorial – Home Ribbon Tab .....	9
Quick Access Toolbar .....	10
Tutorial – Quick Access Toolbar .....	11
Graphics Toolbar.....	12
Tutorial – Graphics Toolbar.....	13
Model Tab – Part.....	15
Model Tab – Assembly.....	17
Tutorial – Model Tab .....	18
Analysis Tab.....	19
Tutorial – Analysis Tab.....	21
Tools Tab .....	22
Tutorial – Tools Tab .....	23
View Tab .....	24
Tutorial – View Tab .....	26
Applications Tab.....	27
Tutorial – Applications Tab .....	27
Ribbon Visibility.....	28
Tutorial – Ribbon Visibility.....	28
Command Search Box.....	29
Tutorial – Command Search Box.....	30
The File Menu .....	31
Tutorial – The File Menu .....	32
Options .....	33
Favorites.....	34
Environment .....	35
Tutorial – Environment.....	36
Where Did the Environment Dialog Box Go?.....	37
System Colors.....	38
Tutorial – System Colors.....	39
Model Display.....	40
Entity Display .....	41
Tutorial – Model Display and Entity Display.....	42
Selection Preferences .....	43

Customize Ribbon.....	44
Tutorial – Customize Ribbon.....	45
Quick Access Toolbar.....	46
Tutorial – Quick Access Toolbar.....	46
Window Settings.....	47
Configuration Editor.....	48
Tutorial – Configuration Editor.....	49
The Help Center.....	50
Tutorial – The Help Center.....	51
<b>Sketcher Enhancements.....</b>	<b>52</b>
Introduction.....	52
Sketch Preferences.....	53
Sketch Environment.....	54
Tutorial – Sketch Environment.....	55
Sketch Workflow.....	56
Tutorial – Sketch Workflow.....	56
Sketch Orientation.....	57
Tutorial – Sketch Orientation.....	58
Sketch Grid.....	59
Diagnostic Tools.....	59
References.....	60
Tutorial – References.....	60
Center Rectangle.....	61
Tutorial – Center Rectangle.....	61
Tangent Centerline.....	62
Tutorial – Tangent Centerline.....	62
Fillets.....	63
Tutorial – Fillets.....	64
Project.....	65
Rotate Resize.....	65
Construction Mode.....	66
Tutorial – Construction Mode.....	67
Under-Constrained Mode.....	68
<b>General Modeling Enhancements.....</b>	<b>69</b>
Introduction.....	69
F1 Function Key Help.....	71
Tutorial – F1 Function Key Help.....	71
Selection Filters.....	72
Tutorial – Selection Filters.....	73
Model Display.....	74
Tutorial – Model Display.....	74
Recent Files List.....	75
Tutorial – Recent Files List.....	75
Open Last Session.....	76
Tutorial – Open Last Session.....	77
Locate in Model Tree.....	78
Tutorial – Locate in Model Tree.....	78
Auto Regenerate.....	79
Tutorial – Auto Regenerate.....	80

Auto Add/Remove .....	81
Tutorial – Auto Add/Remove .....	81
Show Section Dimensions .....	82
Drag Sketch Entities .....	82
Tutorial – Show Sketch Dimensions and Drag Sketch Entities .....	82
Dynamic Edit .....	83
Tutorial – Dynamic Edit .....	84
View Changes .....	86
Tutorial – View Changes .....	87
Extrude With Taper .....	88
Tutorial – Extrude With Taper .....	89
Sweep Feature .....	90
Tutorial – Sweep Feature .....	91
Helical Sweep .....	92
Tutorial – Helical Sweep .....	93
Datum Curve Features .....	95
Curve Through Points .....	96
Tutorial – Curve Through Points .....	98
Curve From Equation .....	100
Tutorial – Curve From Equation .....	101
Curve From Cross Section .....	102
Tutorial – Curve From Cross Section .....	103
Fill Pattern .....	104
Tutorial – Fill Pattern .....	104
Cosmetic Features .....	105
Cosmetic Sketch .....	106
Tutorial – Cosmetic Sketch .....	107
Cosmetic Thread .....	108
Mass Properties .....	109
Tutorial – Mass Properties .....	110
Regeneration Manager .....	111
Layout vs. Notebook .....	112
<b>Annotation Features .....</b>	<b>113</b>
Introduction .....	113
Annotate Ribbon .....	114
Detail Tree .....	115
Tutorial – Detail Tree .....	116
Model Detail File .....	117
Tutorial – Model Detail File .....	118
Annotation Feature Dialog Box .....	120
Tutorial – Annotation Feature Dialog Box .....	121
Annotation Plane Manager .....	122
Tutorial – Annotation Plane Manager .....	123
Show Annotations .....	124
Tutorial – Show Annotations .....	124
<b>Assembly Enhancements .....</b>	<b>125</b>
Introduction .....	125
Assembly Constraints .....	126
3D Dragger .....	128
Tutorial – Assembly Constraints .....	129

Locate in Model Tree .....	131
Tutorial – Locate in Model Tree .....	131
Select Using 3D Box .....	132
Tutorial – Select Using 3D Box .....	132
Component Interfaces .....	133
Assembly Rename .....	134
Tutorial – Assembly Rename .....	135
Mirror Assembly .....	136
Light Graphics Rep .....	137
Tutorial – Light Graphics Rep .....	139
Component Chooser .....	140
Tutorial – Component Chooser .....	141
Open Subset .....	142
Tutorial – Open Subset .....	143
Reference Control .....	144
Simple Search .....	145
Tutorial – Simple Search .....	146
Assembly Preferences .....	147
<b>Detail Drawing Enhancements .....</b>	<b>148</b>
Introduction .....	148
Drawing Ribbon Changes .....	149
Tables .....	150
Quick Tables .....	152
The Table Directory .....	153
Tutorial – Tables .....	154
Hole Tables – Editing .....	157
Hole Tables – Adding Omitted Features .....	158
Tutorial – Hole Tables .....	158
BOM Balloons .....	159
Tutorial – BOM Balloons .....	159
Arrow Style .....	160
Tutorial – Arrow Style .....	160
Drawing Setup File Changes .....	161
<b>Sheetmetal Enhancements .....</b>	<b>162</b>
Introduction .....	162
Sheetmetal Ribbon .....	164
Planar Wall .....	165
Tutorial – Planar Wall .....	165
Flange Wall .....	166
Tutorial – Flange Wall .....	166
Extend Wall .....	167
Tutorial – Extend Wall .....	168
Revolve Wall .....	169
Tutorial – Revolve Wall .....	169
Bend .....	170
Tutorial – Angle Bend .....	171
Tutorial – Roll Bend .....	173
Bend With Transitions .....	174
Tutorial – Bend With Transitions .....	175

Edge Bend .....	176
Tutorial – Edge Bend .....	177
Unbend .....	178
Tutorial – Unbend .....	179
Unbend Deformations .....	180
Unbend Distinct Areas .....	180
Tutorial – Unbend Deformations and Distinct Areas .....	181
Unbend Deformation Control .....	182
Bend Back .....	183
Tutorial – Bend Back .....	184
Converting Solid Parts .....	185
The Conversion Feature .....	185
Tutorial – The Conversion Feature .....	186
Corner Relief .....	188
Edge Rip .....	189
Tutorial – Edge Rip and Corner Relief .....	190
Split Area .....	191
Tutorial – Split Area .....	192
Distinct Pieces .....	193
Tutorial – Distinct Pieces .....	194
Fixed Geometry .....	195
Flat State Instance .....	195
Flat Pattern Preview .....	196
Tutorial – Flat Pattern Preview .....	197
Flat Pattern .....	198
Tutorial – Flat Pattern .....	198
Flatten Form .....	199
Tutorial – Flatten Form .....	199
Unstamp Edge .....	200
Tutorial – Unstamp Edge .....	200
Preferences – Bend Allowance .....	201
Preferences – Bends .....	202
Preferences – Relief .....	203
Preferences – Edge Treatment .....	204
Preferences – Miter Cuts .....	205
Tutorial – Sheetmetal Preferences .....	206
Design Rules .....	207
Bend Order .....	210
Sheetmetal Options .....	211
<b>Mechanism Enhancements .....</b>	<b>212</b>
Introduction .....	212
Gimbal Connection .....	213
Tutorial – Gimbal Connection .....	213
<b>Photorender Enhancements .....</b>	<b>214</b>
Introduction .....	214
Render Ribbon .....	215
Real-Time Rendering Settings .....	216
<b>Configuration File Changes .....</b>	<b>217</b>
Obsolete Configuration Options .....	217
New Configuration Options .....	219
