Tip of the Week

October 30, 2006

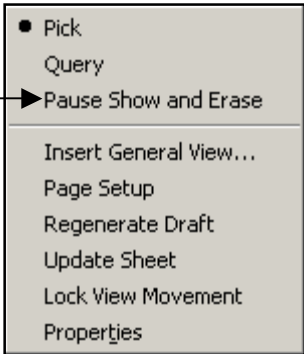

Title: Pause the **Show/Erase** command

Release: Wildfire 2.0 and Wildfire 3.0

Module: Detail drawings.

Tip: The **Show/Erase** dialog box can be ‘paused’ and ‘resumed’ to allow you to move dimensions and/or notes while showing them on the drawing. Use the right mouse button popup menu and select **Pause Show and Erase** as shown below. To continue showing dimensions and/or notes, pick **Resume Show and Erase** in the popup menu.

To pause the **Show/Erase** command, press and hold the right mouse button and select **Pause Show and Erase**

To resume showing dimensions, press and hold the right mouse button and select **Resume Show and Erase**
